Passion harmoni.

Passion harmoni adalah tipe passion yang positif. Pasalnya, seseorang melakukan sesuatu atas dasar kesenangan, kecintaan, serta selaras dengan kecintaan Anda akan sesuatu, misalkan saat Anda dapat menjadikan hobi sebagai sumber pendapatan.

Dengan passion harmoni, Anda akan lebih bahagia karena tidak ada konflik antara aktivitas dengan nilai-nilai pribadi yang Anda anut. Efeknya, langkah yang Anda ambil lebih terorganisir, memiliki tujuan yang jelas, serta hasil pekerjaan Anda akan lebih teratur dan bisa dievaluasi dengan kepala dingin.
